

# Navigating the Site

## To Navigate you can use the following:

### 1. Mark Complete

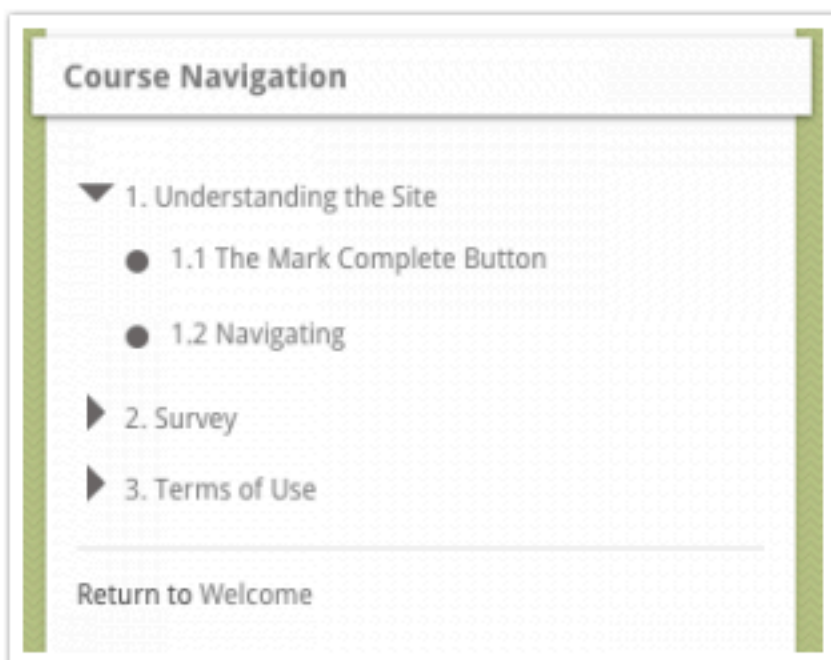

- **location:** at the **bottom of most pages**
- **function:**
  - take you to the next video
  - back to the module page (on the **last video page** of a module)
  - to the next module (on a **module page** – (will only appear after you have marked all videos in module complete))

### 2. Topic Progress Bar

- **location:** at the **top of all video pages**
- **function:** takes you to the respective video

### 3. Course Navigation Menu

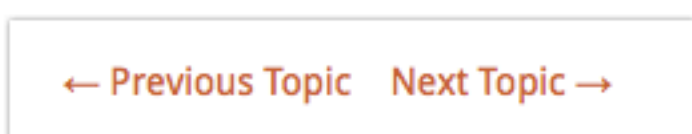

- **location:** on **right side on screen**
- **function:** takes you anywhere in the course

### 4. Video Title Chevrons

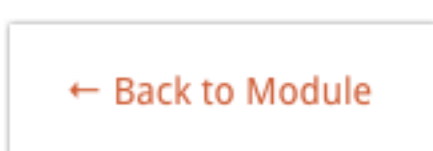

- **location:** at the **bottom of video pages**
- **function:** takes you to the respective video

### 5. Previous/Next Topic or Module

- **location:** at the **bottom of video and module pages**
- **function:** takes you to the next or previous topic or module

### 6. Back to Module

- **location:** at the **top of video pages**
- **function:** takes you back to the module page
